REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: Claims 1-8 remain distinguished over the closest prior art deemed Kuhls et al patent 4,369,266 for reasons of record. The obviousness double patenting rejection of record over patent 6,518,442 is now deemed obviated by claim 1 language "...determining desorption of the fluorinated emulsifier...determining an upper concentration value of a non-ionic surface-active substance below which no further decrease in desorption...".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
